COLD WEATHER STARTING USING THERMO-START SYSTEM

IMPORTANT: To prevent engine damage:
• DO NOT use starting fluid.

1. Turn key switch (A) counterclockwise and hold it there 10-30 seconds.

2. Quickly turn key switch clockwise to START position and start engine.

COLD WEATHER STARTING AIDS

RECOMMENDATIONS:
• When operating tractor in temperatures below -15°F (-26°C), install OPTIONAL engine block heater and hydraulic system oil heater.

See your John Deere dealer for these accessories.
